Dear Chairman Pai,

I write to support the Comments of the Cable Act Preservation Alliance ("CAPA") and to disapprove of the proposals and tentative conclusions set forth in the FCC's September 25 Further Notice of Proposed Rule Making in Implementation of Section 621(a)(1) of the Cable Communications Policy Act of 1984 as Amended by the Cable Television Consumer Protection and Competition Act of 1992, MB Docket 05-311.

Chelmsford Telemedia provides so many opportunities for people. Volunteers can produce and create their own show and learn all the different aspects of TV. I have benefited so much from learning from CTM and all the wonderful people in it. As a student, I have applied what I learned to my everyday life. I am part of TV club at the Chelmsford High School, which wouldn't be possible without the support of Chelmsford Telemedia. I've learned how to be outgoing and be a leader. I love interviewing and being in front of the camera, but I also love working behind the scenes. Without Chelmsford Telemedia, I wouldn't be able to do what I love, and I wouldn't have all the opportunities I have today and be able to share my talent with the community.

CTM also brings the community together with programs. It showcases all the events in Chelmsford such as the Holiday Prelude, the Fourth of July, the Folk Festival and so much more. It also works with the school community by taping school concerts, and school committee meetings. If someone can't attend any of these events, CTM has them covered because they broadcast it to the community.

Chelmsford Telemedia is part of our lives and it helps unite the community. Please consider our comments in your decision because Chelmsford Telemedia is important to everyone in our community.

Sincerely,
